

CEILING TILE PANEL

PRODUCT HIGHLIGHTS

This ceiling-mounted tile panel heater delivers efficient, evenly distributed far-infrared warmth within a slim aluminium frame. Designed for seamless integration into ceilings, it provides reliable heating performance with a clean, architectural finish.

Targeted Comfort

Delivers heat directly to personnel

Energy Saving

Only heats what's needed, when needed

Sustainability

Zero operational emissions

Wellbeing

Keep staff warm, comfortable & productive

Fast ROI

Pays for itself quicker than you think

Remote Control Option

Easily manage settings and operation

CEILING TILE PANEL

TECHNICAL SEPCIFICATION
